That the pian now before the City Council to restrict the area in which motion-picture theatres may be operated in this city meets with the approval of the ministers of Richmond, is shown by the following resolution which was passed yesterday morning at the meeting of the Ministerial Union:

"Resolved. That the Ministerial Union Association of the Christian Churches of Richmond heartly indorses the amendment before the committee of the City Council restricting the area within which moving-picture theatres may be operated."

The proposed amendment is the direct outgrowth of a recent proposition, which was opposed by the people of the neighborhood, to build such a place of entertainment on Church Hill.
